Education - Growing Greener grant–Princeton Hydro has to finish the Growing Greener Grant. There may be a Mini Monster Mayhem at the River Valley School in October. Fry's Run Watershed Festival has decided to present at the Riegelsville Library in September. They may have a Mini Monster session at Fry's Run Park. We will hear from them?

Old Business –

Mini Monsters – Another successful event with a few kids but these kids were really into the session and the critters. The event did not go down to the Creek as the weather was rainy. The critters were collected at the Creek by Travis and included a salamander.

New Business –

Kimberton “Rounding – Up at the Register”

Tabling event – info due Friday, July 11. We have chosen Sat., 9th of August, 11-2 pm. For our table we will have newsletters, QR code, membership papers, sheets of stickers to have kids make a nature scene. If a brochure or handout will be done, Kimberton would like the final product Fri., July 11th. We discussed the brochure versus just using the newsletters as a handout. The brochure, which would have to be assembled and printed would be placed at the Kimberton cash registers. The newsletters are too big to be placed at the registers. Someone would have to construct the brochure? Sarah mentioned that she never sees any brochures at the registers. Also, due July 11th is a W-9/EIN number and CCWA logo.

Minnow Survey Update – Three Maples Farm was surveyed and Travis included a report. For July, the Delaware confluence and a revisit to Hollow Run are scheduled.

Passer Community Farmers’ Market – Whould CCWA have a presence at the market 2 times; once in July and once in August? The market is Wednesdays 3-6 pm.

Adjourn –

Next Board Meeting will be on July 24, 6:30 pm, at the Firehouse.
